

Svea Appguide

A guide on how to book a taxi with the Svea Taxi Allians app

Depending on the type of registration your company has chosen, you will receive a registration link or an email with your login information. If you have received the email with login details, you can go directly to the next page.

Have you received the registration link?

If you have received the registration link, you will be directed to a page with a registration form. Here, you can fill in your profile details and create a login account.

Fill in your profile details he	ere.

^{3.} Add location

In order to book a taxi with us, enter the address or name of the place you want to depart from. You can also let the app suggest a departure point based on your location. Once you've specified your departure point, enter the address of your destination.

Here, you can add a child safety seat or announce important information the driver should be aware of. You can also change from a fixed price to a fare meter price and select how you want to pay for the taxi.

5.

Connect with a flight

If you want to book a taxi in connection with your flight, enter your flight number. When the flight number is entered, the app suggests a pick-up time which can also be adjusted manually.
